Liberty Science and Technology Park

Site 43 acres located on the northeast side of Liberty, Missouri off of Interstate 35 and U.S. Highway 69, 15 minutes to downtown Kansas City and Kansas City International Airport.

Zoning Zoned M-1 (light industrial) and can accommodate a wide range of life science R&D and manufacturing uses. Expedited permitting process for projects locating in the Liberty Science and Technology Park.

Permitted Uses The most common type of customer/occupant of a science and technology business park is generally a life science company. Types of companies include, but are not limited to, Biopharmaceutical Firms, Contract Research Organizations and Contract Service Providers, Contract Manufacturing Organizations and Medical Device Firms.

Site Program The Site plan permits up to 450,000 SF of single or multi-story buildings. The Site plan also allows flexibility in actual building sizes and sites.

Incentives Liberty Science and Technology Park is located within the City's Designated Priority Areas and the Enhanced Enterprise Zone. Many incentives are available for projects demonstrating job and investment creation.

Schedule Parcels are now available for site development.

Utilities All utilities are available including water, sewer, fiber optic, electric and natural gas.

It's all here.
